

WORKSHOP - Grow your Coaching Practice

One of the most important skills we have as Coaches is to ask the right questions in order to help our clients gain insight and learning. We also need to make sure we have a variety of tools and models to assist our clients in answering those questions. engage consulting group has over sixteen years in delivering strategic consulting services, executive coaching and customized on-line surveys (organisational, 360, customer, employee, innovation, OH&S).

Join us in learning how we can help you grow your business using our EngageCoach™ service which provides you with on-line surveys, business guidelines and coaching tools you can use with your clients and in your own business.

In our workshop we will:

- 1. Demonstrate the benefits you can deliver to your clients**
- 2. Explore new ways to add value to your clients business**
- 3. Discover new ways to grow your business revenues**
- 4. Help you design your own Intellectual Property and survey**
